

ST. JAMES' COLLEGE OF PHARMACEUTICAL SCIENCES

(NAAC Accredited)

RIVER BANK CHALAKUDY-680307, KERALA

REPORT OF FEEDBACK ANALYSIS

(2021-2022)

Introduction

Feedback is an essential element of the learning process. The College collects feedback on various curriculum aspects and courses from different stakeholders such as the Students, Alumni, Employers and Teachers through online. The feedback collected from the individuals has been analyzed and taken to the consideration for the development of curriculum, teaching learning process and environment.

Students' Feedback

The Students' Feedback on curriculum and teaching learning process at SJCOPS, Chalakudy campus is designed to get formative feedback from students that can be used towards the improvements in the quality of course design and delivery, as well as student learning experiences. For the academic year 2021-2022, students' feedback is sought from B.Pharm, M.Pharm and Pharm. D students about the curriculum. The aspects such as aim and objective of the course, syllabus contents, course outcome, project work, subject knowledge, curriculum design and teaching learning process. Majority of the student population agreed that aims and objectives of the programme were clear. Majority of the students strongly agreed that course outcomes are clearly stated for each course. Around 98% of the students agreed that the practical components helped to understand theory of the subjects. It is observed that 88% of the respondents agreed that curriculum provided sufficient knowledge and career opportunities in Pharmaceutical industry. Around 91% of the students understood the important of practice school and internship work during the course.

Majority of the student population understood the importance of curriculum design, course outcome and teaching-learning process during the programme.

Feedback analysis report

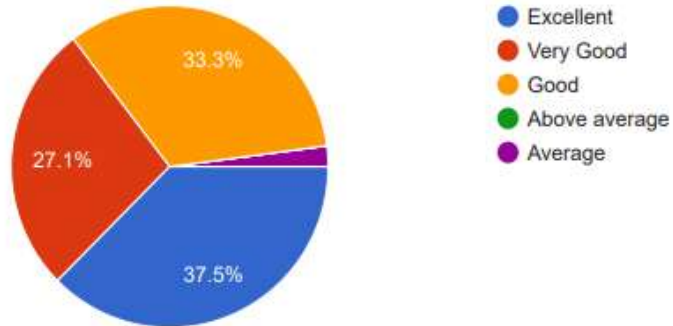

- The analysis of the students' feedback clearly depicts that they are well satisfied with curriculum design and course outcome
 - The students highly appreciated the academic related practice school and internship projects during the course
 - Few of students expressed that industrial related project works /internship to be focused more

Programme : B.PHARM, M.PHARM, PHARM.D

1. The aims and objectives of the programme are clear

 Copy

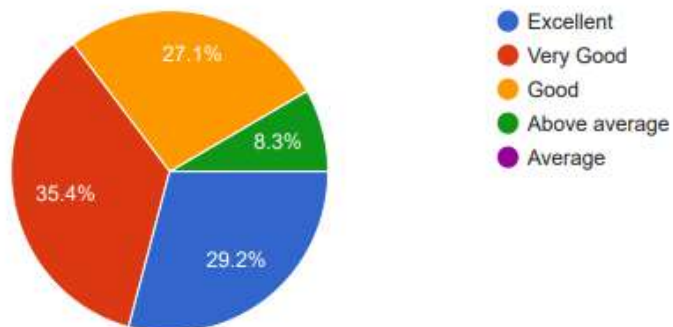

48 responses

2. The curriculum is capable of achieving the aims and objectives

 Copy

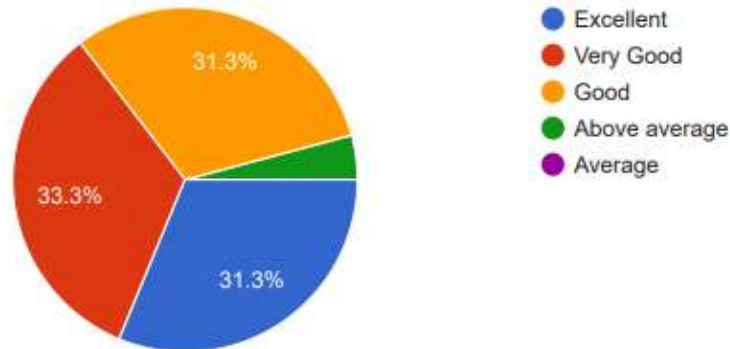

48 responses

3. Course objectives and course outcomes are clearly stated for each course

 Copy

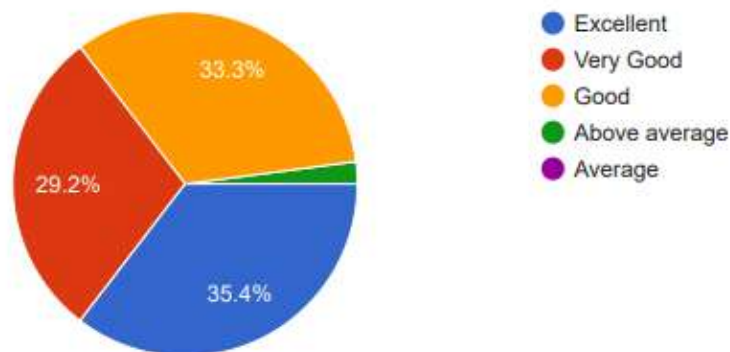

48 responses

4. Practical components helped to understand theory

 Copy

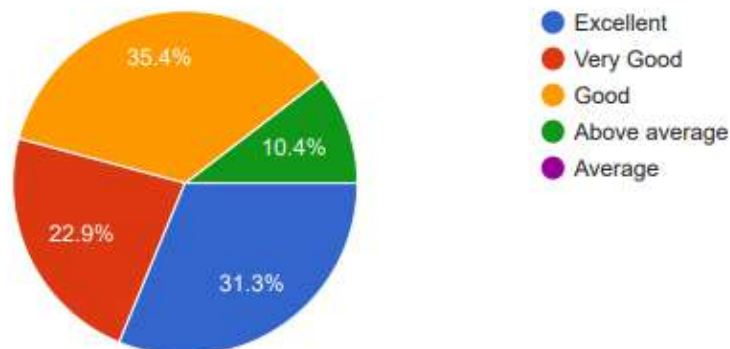

48 responses

5. Curriculum provided sufficient knowledge to begin a career in Pharmaceutical industry

 Copy

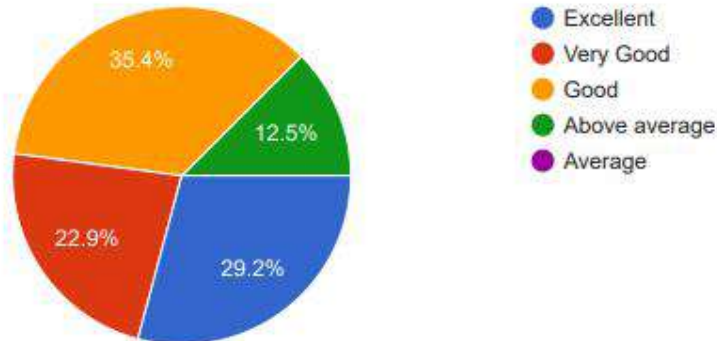

48 responses

6. Curriculum provided sufficient knowledge to begin a career in clinical pharmacy

 Copy

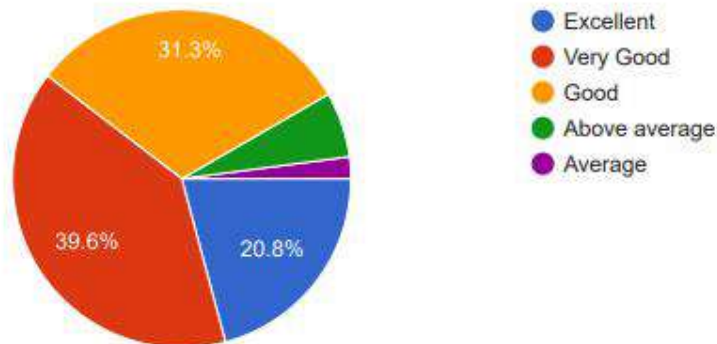

48 responses

7. Practice school / Internship helped to understand real time professional working environment

 Copy

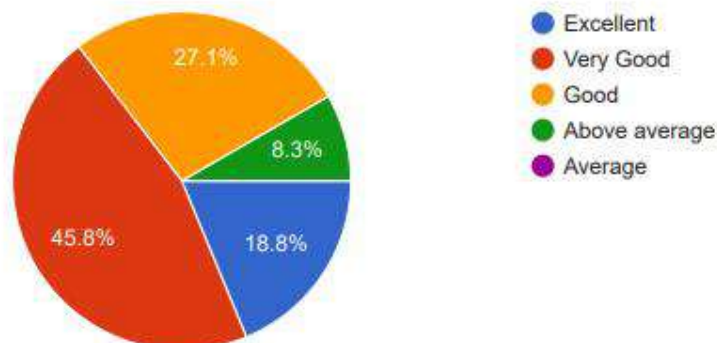

48 responses

8. The Curriculum further stimulated my interests and thought on the Pharmaceutical field

 Copy

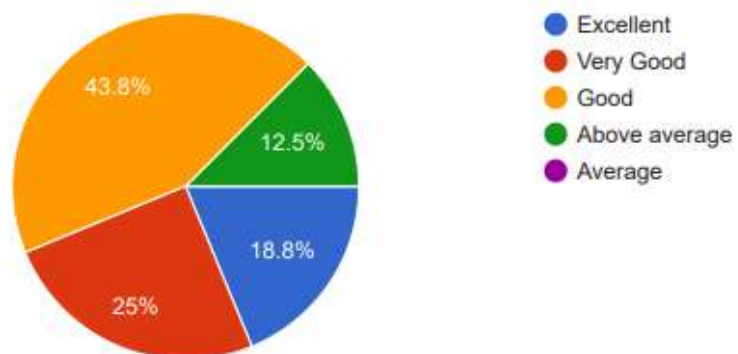

48 responses

9. Curriculum provided sufficient exposure to communication technology, management & entrepreneurial skill

 Copy

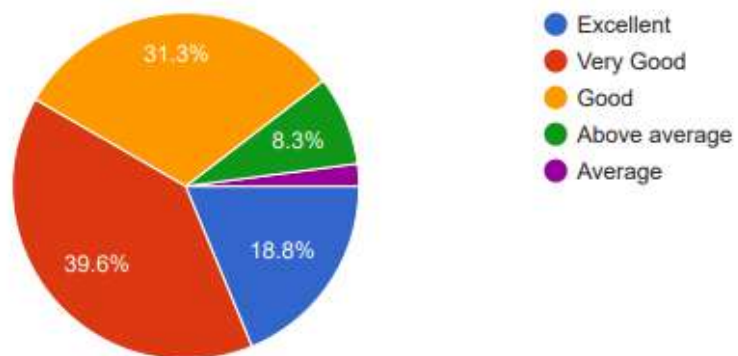

48 responses

10. Overall rating for the curriculum design and teaching -learning process to achieve intended outcome

 Copy

48 responses

Teachers' Feedback

Feedback on various aspects of the curriculum is sought from 25 faculty members of SJCOPS Campus. The aspects such course objectives and course outcomes, capability of the curriculum to achieve programme outcomes, curriculum with standard of education and job opportunities, Curriculum provides sound fundamental concepts related to pharmaceutical sciences. As teachers play a pivotal role in designing and implementing the curriculum, the inputs received from their feedback was taken into consideration for further necessary action wherever applicable. Majority of the teachers (98%) agreed that curriculum has good balance between standard of education and meeting the needs of heterogenic student population. Majority of 90% of them strongly agreed that curriculum has in built flexibility to adopt new techniques/strategies of teaching

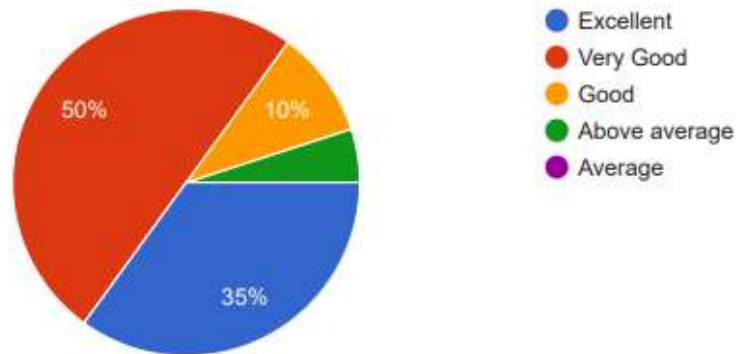

Feedback analysis report

- The analysis of the teachers' feedback reflects that curriculum provides sound fundamental concepts related to pharmaceutical sciences
- Practical / project / field training components in the curriculum is satisfied.
- curriculum is having standard pharmaceutical education and job opportunities

1. The aims and objectives of the programme are clear

 Copy

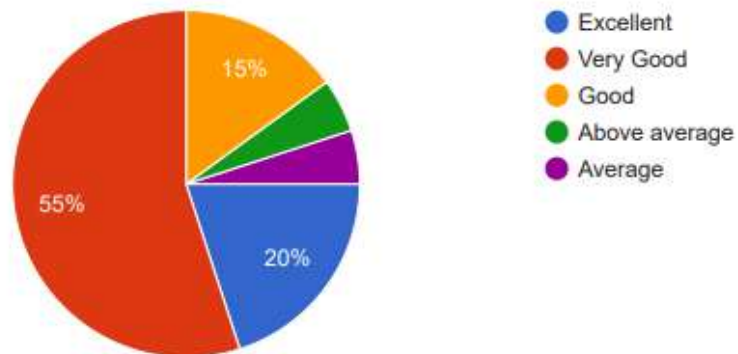

20 responses

2. Capability of the curriculum to achieve programme aims and objectives

 Copy

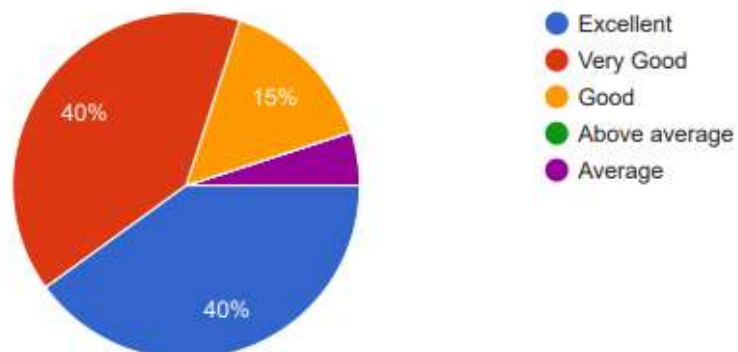

20 responses

3. Course objectives and course outcomes are clearly stated for each course

 Copy

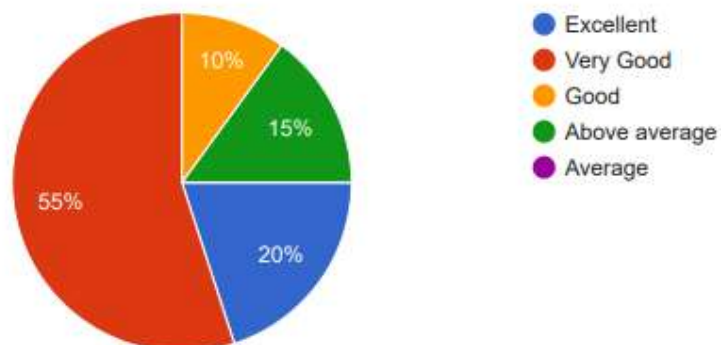

20 responses

4. The curriculum has good balance between standard of education and meeting the needs of heterogenic student population

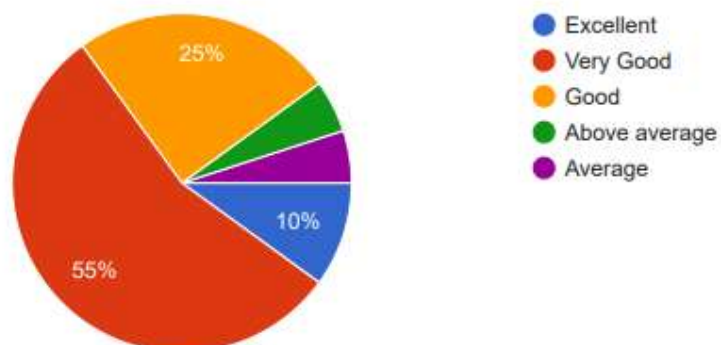

20 responses

5. Curriculum has in built flexibility to adopt new techniques/strategies of teaching

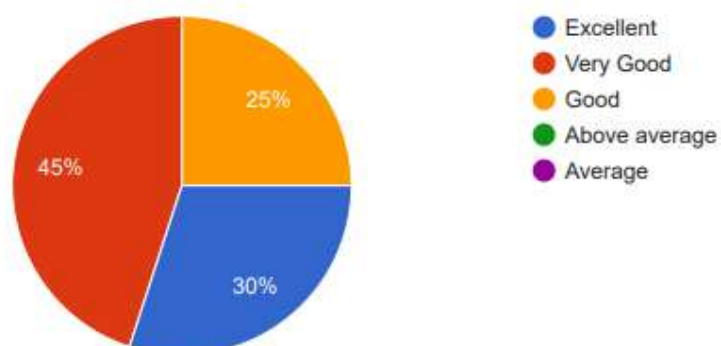

20 responses

6. Curriculum provides sound fundamental concepts related to pharmaceutical sciences

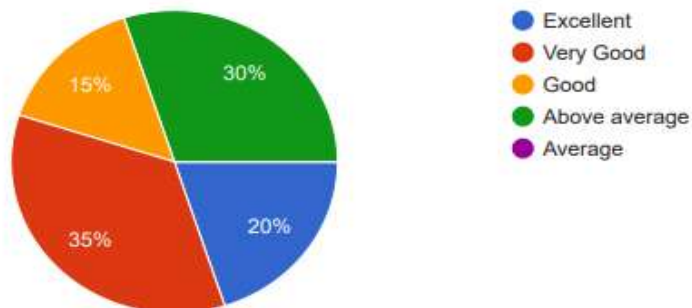

20 responses

7. Practical / project / field training components in the Curriculum.

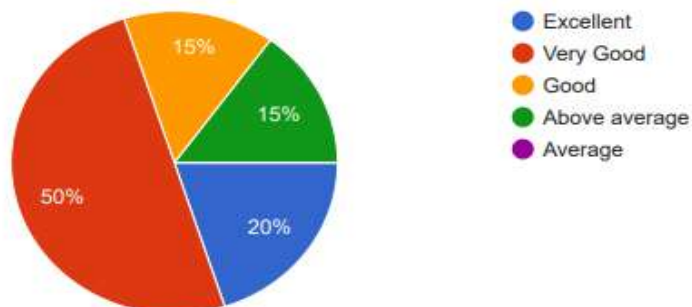

20 responses

8. Rate the current syllabus on the basis of intended knowledge building

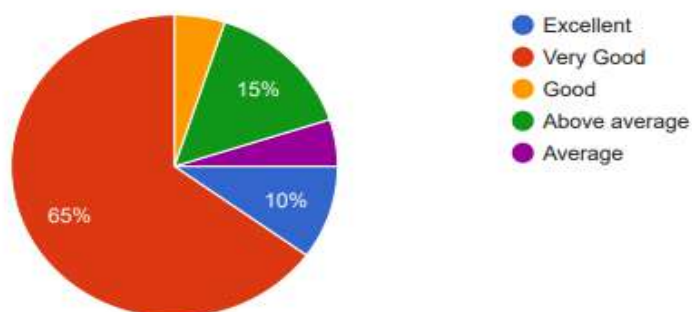

20 responses

9. Rate the current syllabus on the basis of employability

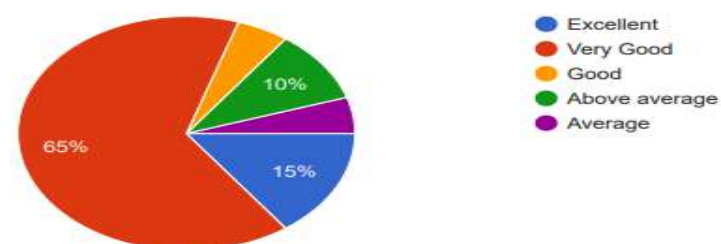

20 responses

10. Overall rating for the curriculum design and teaching-learning process to achieve intended outcome

20 responses

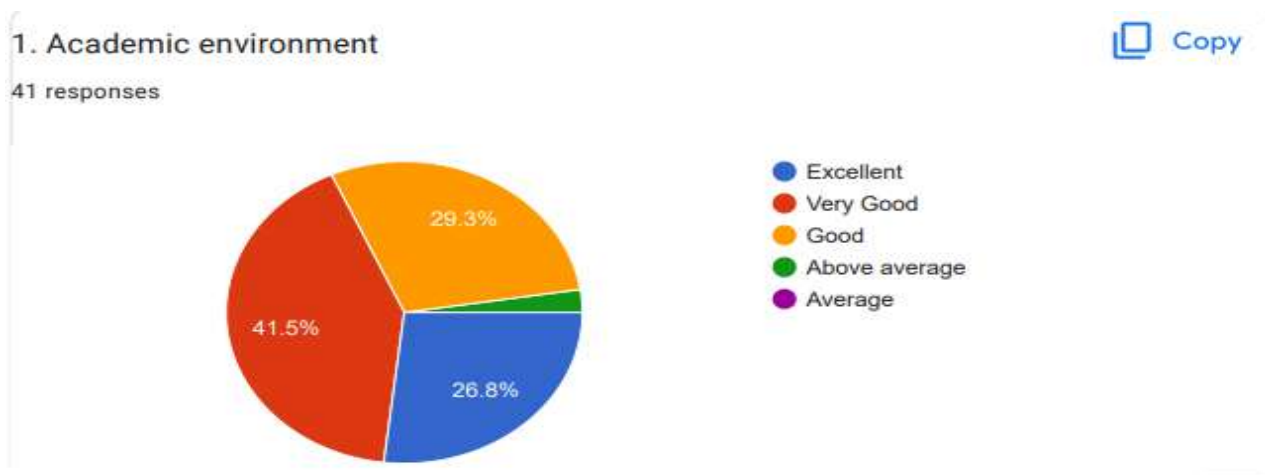

Alumni Feedback

The contribution of alumni to the activities of the college is substantial especially in the development of the curriculum. Alumni of B.Pharm, M.Pharm and Pharm. D were given their feedback. The aspects such as the academic environment, content in courses, infrastructure, library, laboratories, training facilities at hospital, faculty quality, personality development & managerial skills, opportunity to develop soft skills, exposure to real life Pharmaceutical field in the form of opportunity to participate in seminar, conference, Industrial visits, training and placement, hostel facilities, Alumni association / network of old friends and relevance of curriculum in your job. 88% of them reveal the academic environment of our college and content of course is very good. Majority of alumni rated the infrastructure, library and laboratories of college as efficient. While expressing their view on the career guidance and placement cell, majority of them agreed that ample on campus and off campus opportunities were provided.

Feedback analysis report

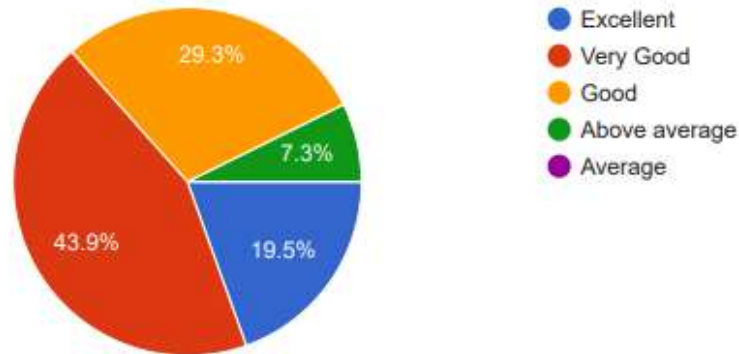

- The alumni feedback analysis report reveals that majority of the alumni are satisfied with curriculum environment and faculty teaching, performance & skill
- All of them were highly satisfied to the point that they receive regular updates of college career guidance and placement cell activities via SMS / mails/calls/ Facebook etc and alumni meet on every year.
- The alumni appreciated the ICT- facilities for effective teaching learning process and industrial visit

2. Content in Courses
